The Alchemy Talent

Find out everything about Zarina's special talent!

Zarina's Experiments

Zarina, who normally worked as a dust keeper fairy, found out she had a real talent for alchemy. Alchemy is a mysterious talent that makes the fairy able to magically turn something ordinary into something special. By experimenting, she discovered how to make orange pixie dust which bent light, and how to make purple pixie dust, which gave her the fast-flying talent. With it she created a whirlwind.

But both Tinker Bell and Fairy Gary thought it seemed a bit dangerous to tamper with pixie dust, and Fairy Gary forbade her to do more experiments.

A New Talent!

After Fairy Gary and Queen Clarion learned that Zarina had grown a whole new pixie dust tree with the use of pink pixie dust, Queen Clarion granted Zarina permission to use her alchemy talent. And that is how this special talent was created!

Look at Zarina's alchemy set.
Count how many of each bottle are hidden on this page and write the numbers in the white boxes.

ANSWER: yellow bottle/1; purple bottle/2; green bottle/2; red bottle/1.

- ★ GOLDEN RIBBON (1 M)
- ★ A YELLOW BUTTON
- ★ BLACK CARDBOARD (1 STRIP 7 x 40 CM)
- ★ 1 WHITE SHEET OF PAPER
- ★ DOUBLE-SIDED TAPE
- ★ GLUE ★ STAPLER
- ★ SCISSORS ★ PENCIL

1

★ Draw the shape of a pirate hat on a white piece of paper. It should be 20 cm high and 40 cm wide. Cut it out and use as a template.

★ Tape the template onto a piece of felt and cut around the template. Repeat to make two identical felt shapes. These will be the front and back of the hat.

2

★ Cut a long piece of golden ribbon and glue it to your hat; see picture 3. Then cut 4 pieces of ribbon, each 10 cm long.

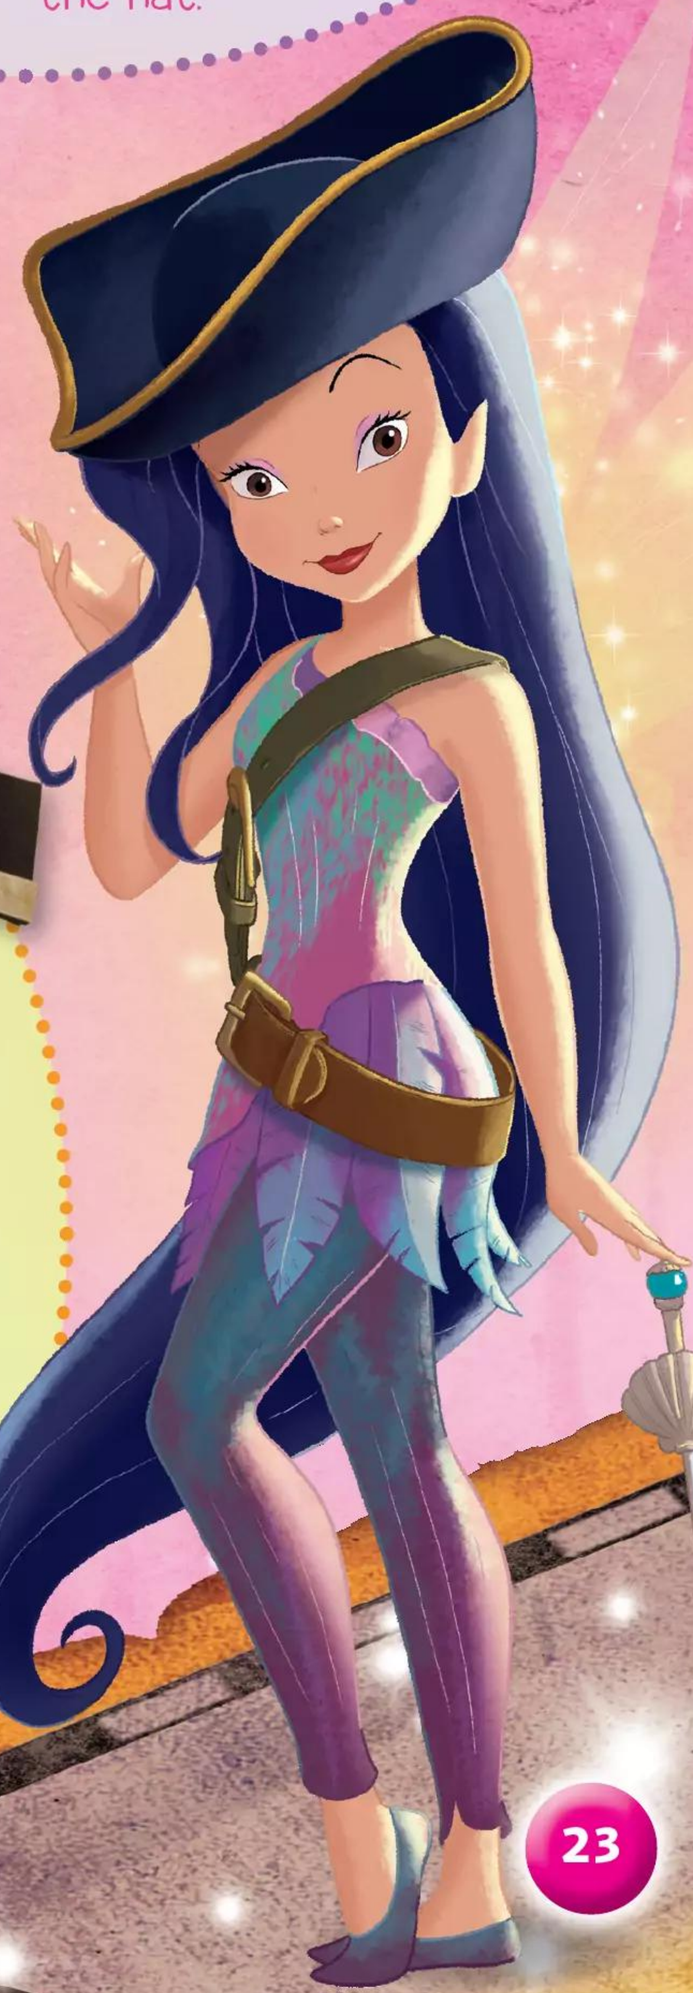
★ Fold the ribbons and glue them to make an X. Then glue the X on the front of the hat. Finish by gluing a button in the center of the X.

3

★ Cut out a strip of cardboard that fits around your head. Staple it together.

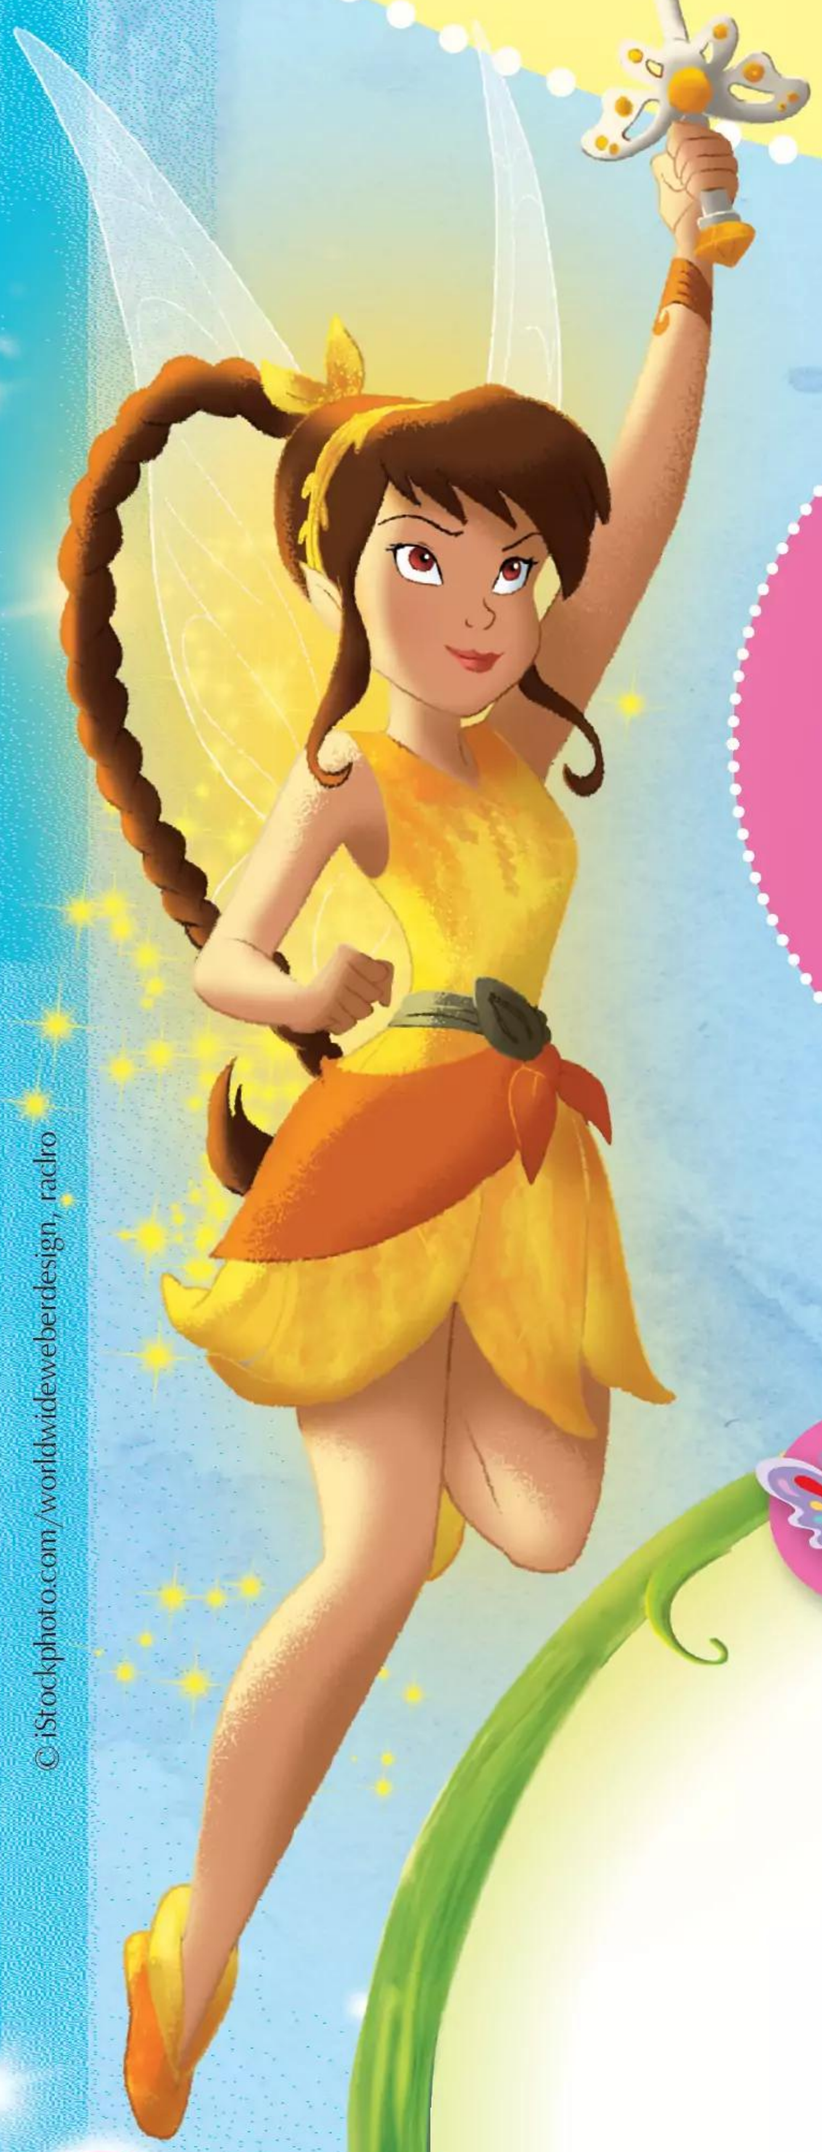
★ Staple the upper edge and the sides of the felt pieces together.

★ Place the felt hat over the cardboard ring and fasten it with glue or staples. Wear your new hat and... be a pirate!



Flags Of The World

Did you know that every country has its own specific flag? A flag is a country's national symbol. The first flags were made in the 18th century as a means of telling others that a piece of land was taken.



So Many Flags!

There are many different shapes and colors of flags. Some flags are decorated with symbols and texts, and, in most flags, red and white are the dominant colors. Other cool flags are the signal flags that sailors use to communicate with each other. Each signal flag represents a letter.

First Moon Landing, 1969

Moon Landing

When Neil Armstrong became the first man to ever set foot on the moon in 1968, he immediately planted the American flag.
